
12v solar container battery cabinet

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Which solar batteries are suitable for enclosures?

Solar batteries suitable for enclosures can be of the following sizes: 27,31,U1,8G4D,8G8D. These are groups that categorize enclosures based purely on physical size; any correlations with capacity are used as examples. Group 27 batteries are sized 30.6 x 17.3 x 22.5 centimeters. These have 80-100 ampAh.
