
25W foldable solar panel

What is included in a portable solar panel?

IP68 Water and Dust Resistance: Rated IP68, this portable solar panel is designed to endure splashes, spills, and light rain, ensuring reliable performance during outdoor adventures in unpredictable weather. What's Included: 1x 25W solar panel charger, 1x USB-C to USB-C cable, 2x carabiners, and 1x elastic strap.

What is a weatherproof ETFE solar panel?

Backed by a local American company. RUGGED AND DURABLE: Weatherproof ETFE exterior layer improves performance and durability, extends the panel's lifespan and requires far less maintenance when compared to a PET exterior layer that is used by most portable solar chargers.

Are sunjack solar panels durable?

SunJack's mission is simple: to deliver a durable and strong solar power charger in a compact size. Designed and engineered in the USA, SunJack solar panels have since proven to be a reliable tool for many people and organizations around the world. Rugged and Durable- Fully laminated ETFE construction is weatherproof and built to last.

How much power does a ETFE solar panel use?

The USB-A port (5V/3A) and USB-C port (5V/3A) each pump out up to 3 amps of power per USB port (25W total maximum output) to provide wall-outlet charging speeds. ETFE construction has a UV permeability of 95% compared to 80% from PET - makes the panel more efficient than other solar chargers. Smart Technology.
