What is the best portable power station?

I've put over 120 portable power stations to the test to discover the absolute best. My top pick for an affordable option is the EcoFlow River 2 -- right now priced at the crazy low price of \$199, it delivers an impressive 600W of power.

How much does a portable power station cost?

Outputs Portable power stations can get expensive, but this model from Bluetti is a fantastic budget-friendly option, currently retailing for \$330. Despite its lower price, it's a powerful unit capable of delivering 1,000W output for regular loads and up to 2,000W for resistive loads like heaters or hair dryers.

Which power station should I buy?

With over 40 top-rated power stations tested, my overall pick is the EcoFlow Delta 3 Plus. It's a great all-rounder with a decent 1024Wh battery capacity suitable for general use at home, in the car, and on job sites. In our review, we liked the fast charging, port selection, and the UPS with a 10ms switchover for continuous power.

Why should you buy a portable power station?

Perhaps you crave reliable backup power for unexpected outages at home. Whatever your needs, a portable power station can be your trusty companion. These versatile devices offer a portable solution for keeping your laptops, tablets, smartphones, and other essentials powered up.
