
China high tension switchgear in Bolivia

Does China support hydropower projects in Bolivia?

In line with the push for environmentally friendly Belt and Road Initiative (BRI) infrastructure projects and Bolivia's former President Evo Morales' "2025 Patriotic Agenda" to transform Bolivia into a regional energy hub, China has supported six hydropower energy projects in the country.

How many infrastructure projects will China and Bolivia build?

In 2015, China and Bolivia signed an official agreement for China to construct 13 infrastructure projects, including the Chepete-El Bala Complex.

Are Bolivia's hydroelectric power projects destroying indigenous peoples?

While the hydroelectric power projects are meant to expand Bolivia's clean energy supply, the projects have had damaging consequences, including the displacement of indigenous peoples and destruction of the wildlife and biodiversity, countering Morales' platform championing indigenous rights.

Is China financing Hydroelectric power projects in South America?

And of the non-fossil fuel energy projects China is financing in South America, many are hydroelectric power projects, which carry their own environmental consequences. In June 2018, the Chinese and Bolivian governments signed a Memorandum of Understanding (MoU) stating that Bolivia would join the BRI.
