
Corrosion-resistant solar curtain wall manufacturers in Osaka Japan directly supply

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Who makes aluminum sashes & curtain walls?

In 1958, we started production and sales in the field of aluminum sashes, the first company in Japan to do so. Since then, we have participated in a number of large domestic and international projects as a pioneer of the integrated production of sash and curtain walls, and contributed to the creation of urban landscapes.

What is a PV curtain wall?

The PV curtain wall is the most typical one in the integrated application of PV building. It combines PV power generation technology with curtain wall technology, which uses special resin materials to insert solar cells between glass materials and convert solar energy into electricity through the panels for use by enterprises.
