# EU Portable Power Bank Standards

What are power bank certification standards?

Power bank certification standards are a set of regulatory and safety guidelines designed to evaluate the electrical safety, electromagnetic compatibility (EMC), and environmental compliance of portable battery-powered charging devices.

What are the UL certification standards for power banks?

United States & Canada - UL/ETL/cTUVus Certification Standard for Power Banks: UL 2056, UL62368-1 & CAN/CSA-C22.2 No. 62368-1 - FCC Certification Regulations for Power Banks: fcc part 15 Subpart B China - CQC certification / Inspection Report Standard for Power Banks: GB/T 35590 Taiwan

What are the new EU power supply regulations?

Expanded Scope: The new regulations will apply not only to external power supplies but also to battery chargers, wireless charging pads, and USB-C cables sold in the EU. Increased Power Capabilities: The limitation on product power of 250W will be lifted, allowing for more powerful devices to be designed, aligning with sustainability goals.

What certifications do power banks need?

To ensure safety, reliability, and compliance with international regulations, power banks must obtain various certifications such as CE/FCC/RoHS/MSDS/UN38.3. These certifications guarantee that the product meets electrical, environmental, and transportation safety standards.

Power bank certification standards vary globally. Key standards include UN38.3, IEC 62368-1, CE, UL, RoHS, and more. JJR Lab ensures compliance for safe market entry.

1. INTRODUCTION These guidelines are intended as a tool to aid compliance with certain marking requirements for batteries and battery peripherals based on the applicable EU ...

Discover essential laws and regulations for using portable power stations in Europe. Understand compliance requirements, safety standards, and environmental guidelines ...

Global certification standards for power banks Power banks has become an indispensable device in modern life, but its market quality is uneven, and the safety issue is of great concern. In ...

HONG KONG, Oct. 13, 2015 -- UL, a global leader of product safety testing and certification for over 120 years, announced today the launch of its first dedicated testing and certification ...
