# Energy storage container assembled house in Gothenburg Sweden

What is Sweden's largest battery storage system?

Sweden's largest battery storage system was commissioned in Gothenburg. Stena Recycling's subsidiary Batteryloop installed its BLESS III system, storing 2.8 megawatts in reused Mercedes EV batteries and already helping power a whole new neighbourhood.

Why did batteryloop install energy storage in Gothenburg?

In Gothenburg, Batteryloop installed energy storage in the middle of the city's electricity grid. The company adds that the installation allowed the new Humlestaden district to contribute positively to Gothenburg "even before the district is fully developed" by supporting the local grid with power during peak hours.

What's going on with the H&#246;gsbo industrial area in Gothenburg?

The H&#246;gsbo industrial area in Gothenburg is undergoing renewal with Stena Fastigheter and Ikano Bostad building a new neighbourhood called Humlestaden. 3,000 flats and community spaces will soon join the existing infrastructure and Gothenburg's grid "which faces major challenges in the face of future capacity shortages," writes Batteryloop.
