Based in Nasinu, Suva, we specialize in Off Grid and Grid Connect Solar Power Systems and are official distributors of world leading brands such as Victron Energy, Canadian Solar, Narada Batteries and QCells.

Does Fiji have a reliable power grid?

Approximately 90% of Fiji's population has access to power, but a substantial number of rural areas are not connected to the power grid. These areas rely on intermittent and unreliable diesel generators. Unreliable services have also led to the installation of costly generators by those who need uninterrupted supply for their business.
