## Free consultation available for 200kWh mobile energy storage container

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO4) combined with an intelligent 3-level battery management system (BMS);

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.

Feature highlights: This 20ft Containerized Energy Storage System with a capacity of up to 3.8MWh and efficiency  $\geq 95\%$  is designed for renewable energy applications. Equipped with ...

1 ee-installation This product is designed from the perspective of reducing customer site work, and the overall weight of the container is designed below the maximum ...

Key attributes Battery Type LiFePO4 Grid connection Off grid, Hybrid grid, On grid Place of Origin Guangdong, China Dimension (L\*W\*H) 2104\*1004\*2500mm Weight 2.51T Communication ...

100kwh 200kwh Liquid Cooling Modular LiFePO4 Battery Commercial Energy Storage System Container US\$100,000.00 - 200,000.00 1 Piece (MOQ) Port: Shanghai, China

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS ...

The liquid-cooled energy storage box features efficient heat dissipation, energy conservation and environmental protection, compact design, intelligent control, safety and reliability, wide ...
