
Huawei Kiev Energy Storage Products

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Which company has the highest safety certificate for energy storage systems?

As a result, Huawei became the first company in the world to receive the highest safety certificate for energy storage systems (ESS) from TÜV Rheinland. TÜV Rheinland is a globally renowned independent organization specializing in testing, inspections, and certification.

What is Huawei ESS certification?

TÜV Rheinland awarded Huawei the world's first Premium Safety Certificate for ESS. This certification highlights the exceptional safety capabilities of the "Huawei Smart String ESS with Grid Forming Function" platform developed by Huawei Digital Power.

Huawei Digital Power once again named on the two lists with its globally leading smart photovoltaic inverter, energy storage products and rich practical applications.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.
