
Lifepo4 power station factory in Australia

Who is LiFePO4?

The pioneers and longest established lithium battery solutions provider in Australia. 2017 marks our 10 years anniversary since we introduced the very first Lithium Iron Phosphate (LiFePO4) battery to Australia from the USA. You can read more about the introduction of the LiFePO4 battery to Australia on our FAQ page.

What is a LiFePO4 battery?

The LiFePO4 (Lithium) Battery 24V is perfect for medium-scale energy storage needs, such as solar power systems or electric vehicles. It offers greater efficiency and lasts longer than traditional lead-acid batteries. This battery ensures a consistent power supply, making it a great choice for residential or light commercial use.

How many LiFePO4 batteries are left in stock?

Only 1 left in stock! LiFePO4 Australia, experts in LIFEP04 we primarily use and recommend the best performing batteries and cells -- for reliability, performance, and safety.

Are LiFePO4 batteries a good investment?

LiFePO4 batteries are a game-changer for Australians seeking reliable, long-term energy storage. With federal subsidies lowering costs and Chinese brands offering competitive pricing, now is the time to invest. Prioritize certified batteries with robust BMS for safety and longevity.
