## Lima Mobile Battery Cabinet

What is a battery cabinet?

Our battery cabinet, also known as a battery enclosure or battery rack, is a specialized cabinet or housing designed to store and protect batteries used in various applications, including backup power systems, uninterruptible power supplies (UPS), renewable energy storage, telecommunications, and electric vehicles.

What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.
