
Outdoor solar lights with super brightness

What is the brightest solar floodlight?

The Ring solar floodlight is a versatile outdoor solar light that provides reliable and bright illumination as well as optional smart integration. This is the only light we tested that has a backup battery, and at 1200 lumens, it's also the brightest light we tested.

How bright are solar lights?

Normally, solar lights are not as bright as standard lights. But different light models generate different light output, ranging from 200 lumens to 1400 lumens for either a cozy feel or a dazzling light beams. You should think in advance about how much brightness you want, then decide on the lumen indicator when choosing a solar spotlight.

What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

Which solar light is best for poolside?

We also like that it can be installed on the wall or on the ground. Generating eye-soothing warm white color and a good amount of brightness, the DBF Solar Lights are best suited for poolside, no matter of the weather. This is an outdoor motion sensor solar spotlight with lots of applications.
