How much does a 40ft container cost?

Drewry's World Container Index puts the global average price of shipping a 40ft container at \$1,859 (USD) for 13 November, 2025. Between now and the end of the year, container shipping prices will likely remain soft particularly if the current ceasefire between Israel and Palestine enables more shipping traffic to flow through the Suez canal.

Will container shipping prices remain soft?

Between now and the end of the year, container shipping prices will likely remain soft particularly if the current ceasefire between Israel and Palestine enables more shipping traffic to flow through the Suez canal. Here are some highlights from rates on major shipping routes for a 40ft container courtesy of Drewry Supply Chain Advisors:

How do I compare prices for international container shipping & moving?

When comparing prices for international container shipping and moving, it's important you understand what you need and how that affects the price you'll end up paying. The first thing to understand is the difference between an international mover and a freight forwarder also known as non-vessel operating common carrier (NVOCC).
