
Sea Container Reefer Wholesale

What is a reefer container?

Reefer Containers are essential for storing and transporting temperature sensitive goods such as perishable foods, medical supplies, flowers and more. These goods are often shipped from one country to another via road, rail and sea or even to offshore wind and oil and gas platforms using DNV 2.7-1 certified Refrigerated Containers. [Read More.](#)

Where can I find used reefer container parts?

At Arctic Reefer Service & Repair B.V., you can find used reefer container parts. Our product range includes various types of refrigerated containers, ranging from small to big, and available in both standard and high cube sizes.

How much does a reefer container cost?

The cost of a reefer container varies depending on the condition, location and current market situation. For a 20ft reefer container, you're looking at US \$3,237 in Houston, US \$3,909 in Hamburg and US \$8,009 in Nhava Sheva. [What is the size of a reefer container?](#)

What sizes do reefers come in?

Reefer containers come in 10ft, 20ft, and 40ft sizes, with specialized options like high-cube and dual-temperature units. Offshore Reefers are available in 10ft and 20ft sizes, and larger options include 45ft containers and the BlizzardStore, a scalable storage solution by Cargostore.
