# Sophia Power Battery BMS Manufacturer

What is BMS battery management system?

BMS mainly detects, evaluates, protects and balances the batteries in the energy storage system, monitors the accumulated power of the batteries through various data, and protects the safety of the batteries. The following are top 10 BMS battery management system companies.

1. CATL

Why is BMS a good battery manufacturer?

CATL regards BMS as the intelligent center of the power battery system, attaches great importance to the R & D and production of BMS, has nearly 100 BMS related patents, and its products are compatible with AUTOSAR4.0, which can provide mature solutions for global car companies. And it is also one of the top 10 lithium ion battery manufacturers.

What are BMS products?

As electronic systems, BMS products play a pivotal role in monitoring and managing the performance of rechargeable batteries in various energy storage systems, including lithium battery, lead acid battery, and lifepo4 battery modules and packs, which are widely used in battery-powered applications.

How EV battery BMS market is growing in China?

In the past two years, driven by the fast growth of electric vehicles, the scale of power lithium battery BMS market in China has increased significantly. This article will introduce top 10 EV BMS manufacturers in China.

BMS manufacturer / supplier in China, offering Advanced High Voltage Energy Storage System with Smart BMS Features, High-Performance 12V Portable Battery Pack for Low-Voltage ...

BMS mainly detects, evaluates, protects and balances the batteries in the energy storage system, monitors the accumulated power of the batteries through various data, and ...
