# Supercapacitor price and capacity

What is the global supercapacitors market size?

The market sizing and forecasts are revenue-based (USD Million/Billion), with 2024 as the base year. The global supercapacitors market size was estimated at USD 2.94 billion in 2024 and is predicted to increase from USD 3.45 billion in 2025 to approximately USD 14.74 billion by 2034, expanding at a CAGR of 17.50% from 2025 to 2034.

How much does a supercapacitor cost?

This erodes the justification for ultra-capacitor installations in renewable energy hubs requiring both fast response and sustained output. Supercapacitor costs remain stubbornly high at \$2,500-\$7,000 per kWh, while lithium-ion systems for short-duration storage now cost \$350-\$500 per kWh.

How much is the supercapacitors market worth in 2025?

The supercapacitors market is valued at USD 0.54 billion in 2025 and is projected to double to USD 1.09 billion by 2030.

What is the value of the global supercapacitors market in 2032?

The market is projected to record a valuation of USD 9.57 billion by 2032. What was the value of the global supercapacitors market in 2023? At what CAGR is the market projected to grow during the forecast period of 2024-2032? Which is the leading application segment in the market? Which is the key factor driving the market growth?

The global Supercapacitor Market Size in terms of revenue is estimated to be worth \$1.35 billion in 2025 and is poised to reach \$2.84 billion by 2030, growing at a CAGR of 16.1% during the ...

While lithium-ion batteries dominate headlines, supercapacitor cost per kWh has emerged as a critical metric for industries demanding rapid charge-discharge cycles and extreme durability.

...

Supercapacitors Market Size & Share Analysis - Growth Trends & Forecasts (2025 - 2030)

The Supercapacitors Market Report is Segmented by Configuration (Type) (Electric ...

So, their extended cycling capacity enables supercapacitor-supported functions for 10-15 years with over 90 % initial capacity retention [80]. Such efficient long-term energy ...

What is the Supercapacitors Market Size? The global supercapacitors market size is estimated at USD 3.45 billion in 2025 and is predicted to increase from USD 4.06 billion in ...

Hybrid or asymmetric supercapacitors are another form of supercapacitor in which anode selection often involves carbon material-based electrodes, whereas cathode selection ...
