# Supercapacitor prices in South America

What is the global supercapacitor market?

On the basis of application, the supercapacitor market is divided into consumer electronics & home appliances, automotive & transportation, energy & utilities, industrial, aerospace & defense, and others. Automotive & transportation dominated the global market accounting for 29.9% market share in 2024.

How big is the supercapacitor market in 2023?

The global supercapacitor market is anticipated to grow from USD 5.91 Billion in 2023 to USD 23.12 Billion by 2030, at a CAGR of 21.53 % during the forecast period. o Which region is dominating in the supercapacitors market? Asia Pacific accounted for the largest market in the Supercapacitors Market.

How much is the supercapacitors market worth in 2025?

The supercapacitors market is valued at USD 0.54 billion in 2025 and is projected to double to USD 1.09 billion by 2030.

What is Italy supercapacitor market?

Italy supercapacitor market accounted for 11.1% of the share in 2024. The adoption of supercapacitors is on the rise in automation and robotics in Italy. In the manufacturing sector, supercapacitors are being used for providing power to automated systems for optimum production line results.

Latin America The Latin America Supercapacitors Market size was valued at USD 124.74 million in 2018 to USD 259.52 million in 2024 and is anticipated to reach USD 1,315.63 million by ...

Meta Description: Explore the latest trends in supercapacitor module prices in South Africa, including industry applications, cost drivers, and market data. Discover how this technology is ...

The Latin America supercapacitor module market is poised for transformative growth, driven by a projected compound annual growth rate (CAGR) of approximately 12% ...

The world has entered the COVID-19 epidemic recovery period. In this complex economic environment, we published the Global Micro-Supercapacitors Market Status, Trends and ...

The global Supercapacitor Market Size in terms of revenue is estimated to be worth \$1.35 billion in 2025 and is poised to reach \$2.84 billion by 2030, growing at a CAGR of 16.1% during the ...

Chart South America Automotive Supercapacitors Sales Price (\$/Unit) 2014-2018 Chart China Automotive Supercapacitors Sales Volume (Units) and Market Size (Million \$) 2014-2018

---

South America Supercapacitor Market Report: In South America, the Supercapacitor market is also expected to grow from \$0.12 billion in 2023 to \$0.38 billion by 2033. This growth is ...

While lithium-ion batteries dominate headlines, supercapacitor cost per kWh has emerged as a critical metric for industries demanding rapid charge-discharge cycles and extreme durability.

...

The surge in demand for supercapacitors in automotive applications is a key element propelling the supercapacitor market's expansion. Supercapacitors are suitable for use in automotive ...

Supercapacitors Market Size & Share Analysis - Growth Trends & Forecasts (2025 - 2030)
