
Thailand Chiang Mai Super Nickel Carbon Capacitor Factory

Will Murata invest 62 billion baht in a new capacitor factory?

Murata Electronics (Thailand) Co Ltd, a subsidiary of Japan's Murata Manufacturing, plans to invest an additional 62 billion baht to construct a new advanced capacitor factory in Lamphun, Thailand.

Why did Murata invest in Thailand's electronics industry?

Acting IEAT Governor Sumet Tangprasert noted that Murata's increased investment underscores its confidence in Thailand's electronics industry. Murata Manufacturing, renowned for its innovative technologies and high-quality electronic components, including ceramic capacitors, lines up this expansion to reinforce its global footprint.

Why should a company choose Thailand for electronic manufacturing?

With electronic, mechanical, plastic and cable manufacturing all taking place in-house, we offer a simplified, reliable source of box build manufacturing. As industries increasingly require electronic production, more and more companies are looking to Thailand as their primary choice for electronic manufacturing.

Who is Thai Seika electric?

With 20 years of experience, Thai Seika Electric specializes in manufacturing fan, air-conditioning, and compressor capacitors. We are dedicated to delivering the highest quality products to our customers.
