
Uninterruptible Power Supply Vehicle in Bhutan

How can EVs improve the EV ecosystem in Bhutan?

These will help improve the EV ecosystem in the country. The project builds on the "Bhutan Sustainable Low-Emission Urban Transport System" project funded by the Global Environment Facility (GEF) and supported by UNDP, which helped 291 taxi drivers switch to EVs. It will help Bhutan achieve its goal to always remain carbon neutral.

Does Bhutan need a second NDC?

UNDP remains committed to provide the support needed and at speed and scale," said Mr. Younus. Bhutan's Second NDC highlights the importance of reducing emissions from the transport sector, which remains one of the major carbon emitters in the country. Almost 99.9% of motor vehicles in Bhutan are powered by diesel or petrol.

What did Bhutan's Cabinet Secretary say to Japan & UNDP?

The Cabinet Secretary, on behalf of the people and Royal Government of Bhutan, conveyed appreciation to the Government and people of Japan and UNDP for the support, notwithstanding the difficult times brought about by the COVID-19 pandemic.
