
Wholesale 2 breaker sub panel in Saudi-Arabia

Who are the best electrical panel boards suppliers in Saudi Arabia?

When it comes to specialized electrical panel boards solutions in Saudi Arabia, Akfa Arabian General Contracting stands out as a leading name in Electrical Panel Boards Suppliers.

What are electrical panels?

Electrical panels, also known as electrical switchboards or distribution boards, are crucial components in any electrical system, serving as the central hub that distributes electrical power to various circuits within a building or facility.

Who is Saudi Powertec?

Located in a 2800 square meter facility in Riyadh, Saudi Powertec is dedicated to developing, manufacturing, and delivering low and medium voltage products and services tailored to meet specific customer requirements in Saudi Arabia.

What are the different types of electrical panels?

Different types of electrical panels include main distribution panels, which receive power from the utility and distribute it to secondary panels; subpanels, which extend the capacity of the main panel and serve specific areas or functions; and motor control centers, designed for the centralized control of multiple electric motors.
