# Wholesale of 100kW Solar Containers in Africa

What can a 100kW Solar System power?

A 100kW solar system is ideal for large commercial buildings with substantial energy consumption. It can power: Large office buildings and farms: Covering extensive lighting, HVAC systems, elevators, and IT infrastructure. Supermarkets and shopping malls: Supporting refrigeration, lighting, escalators, and point-of-sale systems.

Where can a 100 kW solar system be used?

Supermarkets and shopping malls: Supporting refrigeration, lighting, escalators, and point-of-sale systems. Manufacturing facilities: Powering machinery, lighting, and ventilation systems. Maximize your solar investment with a 100kW system. Enjoy significant energy savings, reduce reliance on the grid and keep everything running.
