What is a 20 ft container?

Depending on your needs, a container 20 ft comes in multiple styles. We have them in five different shapes - standard, high-cube, open-side, open-top, and last but not the least, flat rack. They are the most versatile of the boxes and are useful in transportation, storage, and modification.

What is a 20 ft storage container made of?

This container is constructed from 14-gauge high-strength corrugated steel and features a sturdy 27 mm marine-grade plywood floor, so it is ready to take on whatever you throw at it. Whether you need a durable 20ft storage container for personal or business use, this unit offers reliability and security.
